ALL MEMBERS INDORSE MEAT INSPECTION LAWS FAVERED BY ROOSEVELT.

### FRIENDS OF PACKERS BUSY

WILL TRY TO DEFEAT BEVERIDGE AMENDMENT TO AGRICULTURAL BILL.

Washington, June 6.—President Roosevelt and the members of his cabinet at the regular meeting discussed the Neill-Reynolds report on the conditions existing in the packing-houses of Chicago. The cabinet members indorse unanimously the stand the president has taken regarding his recommendations for legislation providing for stringent inspection of all products of the packing establishments.

Without exception they declared that congress should pass a law which will make it impossible in the future for packers to engage in any practices which will impair in the slightest degree the wholesomeness of their beef, pork and sheep products.

The beef packers will be compelled to show their hands at the meeting of the committee on agriculture this week. This committee has charge of the agricultural bill to which was added the Beverage meat inspection amendment.

Chairman Wadsworth, aided by Representative Lorimer and the other friends of the packers, will present to the committee the substitute which they have prepared and intend to try to force through the house instead of the Beveridge amendment. In this they will have the support of Speaker Cannon. The friends of the packers have made no secret of their intention to defeat the Beveridge amendment if possible.

The substitute is to be the means. This substitute, while ostensibly drawn in the interests of the public, is in reality so full of loopholes that the packers would have no difficulty in escaping any of its provisions. It does not make any act of the packers unlawful, and puts on the government the responsibility of proving the sickening conditions shown to exist in the packinghouses by the Neill-Reynolds report submitted to the house by the president. Under the provisions of the substitute, unless the government inspectors discover diseased meats themselves, it will be perfectly lawful for the packers to use it in food products.

**RESULT OF DISCLOSURES.**

Efforts Made to Remedy Conditions at Packinghouses.

Chicago, June 6.—The Tribune says: One of the immediate effects of the president's disclosure of packinghouse conditions was seen in an attempt in at least three of the big plants to remedy the conditions condemned in the report. Toilet arrangements were renovated, floors cleaned, walls scraped and light and ventilation improved.

The surroundings of the workers in these three plants were improved 50 per cent in one day.

The general manager of one big plant spent the morning in a down town plumbing establishment picking out the latest sanitary plumbing.

Besides renovating the plumbing the packing companies put up a variety of signs all over the plants enjoining cleanliness. The foremen were told that the rule against expectoration must be enforced or discharge would result.

Another new rule posted conspicuously was that forbidding the use of tobacco in all food producing rooms.

### TWO KILLED AND TWENTY HURT.

Fire in New York City Causes Fatal Explosion.

New York, June 6.—Fire in the four-story brick factory of the New York & Boston Steam Scouring and Dyeing works, at 503 West Fifty-fifth street, caused an explosion on the first floor, which killed two persons and injured from twenty to thirty others. The dead are S. Bernard, the proprietor of the factory, and his wife, Sarah.

Many of those injured were residents of the vicinity who crowded in front of the burning building before the police could find time to form fire lines. The firemen were injured by an explosion that blew out the entire framework of both the front and back of the building, hurling them from the ladders which they had placed against the front. In all fifteen persons, of whom five were firemen, were so seriously hurt as to necessitate removal to the hospital.

The explosion is thought to have been caused by benzine or naphtha. The loss is \$30,000.

### To Prepare for Armed Revolt.

St. Petersburg, June 6.—The central committee of the Social Revolutionary party has issued an announcement reiterating its decision to abandon terrorism temporarily and calling on its adherents to cease such crimes until the committee again gives the signal and to devote all their energies to preparing for a speedy, armed revolt.

### SCENE OF DISORDER.

Lower House of Russian Parliament in an Uproar.

St. Petersburg, June 6.—A remarkable scene of disorder in the lower house of parliament marked the day's debate on the agrarian question, which was taken up owing to the delay in the presentation of the report on the draft of the law providing for the abolition of the death penalty.

Assistant Interior Minister Gurko, speaking in behalf of Interior Minister Stolypin, and M. Stichinsky, minister of agriculture, attempted to continue their arguments against socialism begun June 1, but their speeches were continually interrupted by cries of "resign," "resign." Throughout the debate a steady undercurrent of obstructive noises drowned the voices of the officials. The demonstration, which was organized by the Radicals, continued until the ministers ceased speaking, though Prince Peter Dolgorouskoff, vice president of the lower house, who presided, appealed to the members to remember the dignity of the house and give the ministers the hearing to which they were entitled by law.

Owing to the tumult, Gurko and Stichinsky spoke very briefly. M. Gurko, who answered previous statements of Professor Hertzstein, quoted the deputy's own words against him on the necessity for expropriating the lands of the more prosperous peasants in order to satisfy the land hunger of the many.

M. Petrunkevitch and Professor Hertzstein, Constitutional Democrats, answered the minister. Petrunkevitch, who was heard for the first time since the organization of the house, declared that a "patrolic duminy ministry would resign."

Count Heyden, a marshal of the nobility, turned the laugh on Petrunkevitch and Hertzstein by pointing out that the two principal orators of the Constitutional Democrats were using the time of the house in protracted controversies with officials they had already pronounced unworthy of confidence and therefore the speakers were clearly out of order.

### ASK INVESTIGATIONS

SENATORS WANT RELATIONS BETWEEN RAILROADS AND ELEVATORS PROBED.

Washington, June 6.—Senators La Follette and McCumber have introduced resolutions providing for investigations of the close relations said to exist between the grain carrying railroads and the elevators of the Middle West. It is alleged by both senators that railroad officials own or control all the elevators at distributing points and juggle the grading of grain in such a way as to give the shippers low prices and sell it at high prices for their own benefit.

The points chiefly complained of are Superior, Wis., Duluth and Minneapolis.

The McCumber resolution provides for an investigation as to other shipping and receiving points, including New York, Baltimore and the leading business centers.

Senators and representatives from the grain producing states believe an investigation of this question will be fully as sensational as has been the Interstate commerce commission's inquiry into the relations of railroads and coal producing companies.

### VERDICT AGAINST CANFIELD.

Jury Declares Gambler Should Pay Delahunt.

New York, June 6.—With a verdict for \$65,000, the full amount claimed, the suit of John Delahunt against Richard A. Canfield for legal services growing from the memorable raid on the latter's gambling house by District Attorney Jerome in February, 1904, was brought to an end. From the gross amount is to be deducted \$5,000, which Delahunt received in cash and \$14,500 due Canfield for money borrowed by Delahunt, leaving the net amount of the award \$45,500.

Permission was given to appeal for a new trial within sixty days.

Neither Canfield nor Delahunt was in court when the jury, after deliberating for an hour and a half, returned their verdict.

Delahunt was called in rebuttal when the trial was resumed in the morning and denied that he advised Canfield on the night of the raid that he need not remove the gambling apparatus stored in the house. The remainder of the day was devoted to summing up by counsel, who exchanged bitter accusations of misrepresentation and perjury, and a brief charge by Judge Newburger.

### Prisoners Refuse Food.

Warsaw, June 6.—At Sandomir, province of Radom, fifty persons who have been imprisoned without trials since January, not knowing even why they were arrested, have refused food since May 30. Some of the "hunger strikers" already are delirious.

## CABINET UNANIMOUS

## INSURGENTS CONTROL

NAME STATE TICKET IN REPUBLICAN CONVENTION AT SIOUX FALLS, S. D.

### GAMBLE NAMED FOR SENATE

CRAWFORD CHOSEN FOR GOVERNOR AND HALL AND PARKER FOR CONGRESSMEN.

Sioux Falls, S. D., June 6.—The Republican state convention in session here nominated the following ticket: For United States senator, Robert J. Gamble.

For congress, Philo Hall, Brookings county; Colonel W. H. Parker, Lawrence county.

For governor, Coe L. Crawford, Beadle.

For lieutenant governor, Howard C. Shober, Hyde.

For state treasurer, C. N. Cassill, Lincoln.

For secretary of state, D. D. Wipf, Hutchinson, present incumbent.

For attorney general, W. S. Clark, Spink.

For superintendent of public instruction, Hans A. Ustrud, Minnehaha.

For state auditor, John Herung, Campbell.

For commissioner of schools and public lands, O. C. Dockken, Duell.

The platform demands an anti-pass law, the forbidding of the use of telegraph and express franks except by employees; abolition of lobbying before the legislature; a primary election law; an amendment to the Federal Constitution for the election of United States senators by direct vote; abolition of the practice of corporations contributing to campaign funds of political parties; and that corporations be entirely eliminated from politics.

The platform opens with an endorsement of President Roosevelt "as a wise and courageous champion of the rights of the people, fighting the battle against special interests that seek to control the political affairs of the country."

The Republican policy of protection to American industries is adhered to, but the belief is expressed that the tariff rate should be modified from time to time to meet changed conditions. The abolition of all tariff on lumber is favored.

The convention adjourned at midnight after completion of the state ticket and adoption of a platform. The defeated Stalwart leaders all pledged loyalty to the victorious Insurgent ticket.

### WANT BRYAN FOR PRESIDENT.

Missouri Democrats Endorse the Nebraska.

Jefferson City, Mo., June 6.—What is generally regarded as the most significant feature of the Democratic state nominating convention held here was the pointed and absolute endorsement of William Jennings Bryan for the presidency in 1908 by David R. Francis of St. Louis, former governor and the secretary of the interior in President Cleveland's cabinet. The nominations made by the convention were Rube Oglesby of Warrensburg for railway and warehouse commissioner and H. A. Gass of Jefferson City for superintendent of public schools. A new state committee was selected.

The platform adopted declares that William J. Bryan was defeated by corrupt campaign contributions by trusts and that he is the greatest American Democrat and that Missouri demands his election to the presidency in 1908; declares against issuing free transportation to political conventions by railroads and asks reduction of passenger rates.

### GOVERNOR OF OREGON.

George E. Chamberlain Re-Elected by a Thousand Majority.

Portland, Ore., June 6.—George E. Chamberlain, Dem., has been re-elected governor of Oregon by a majority of not less than 1,000 and perhaps as much as 2,500 over Dr. James Whitham, Rep. Jonathan Bourne, Jr., Rep., has received the popular nomination for United States senator by probably a little over 5,000 majority. W. R. Ellis, Rep., has been chosen congressman in the Second district by a large majority over J. H. Graham, Dem., and W. C. Hawley, Rep., has a safe lead over C. V. Galloway in the First district. Woman suffrage was defeated by a tremendous majority.

### SEVERAL PERSONS INJURED.

Crowded Masonic Excursion Car Derailed at Des Moines.

Des Moines, Ia., June 6.—Several persons were painfully hurt and about 150 others, many of whom were visitors to the Masonic grand lodge session, escaped serious injury in a wreck on the Fort Des Moines line. One of the trailers attached to a special Masonic excursion car was derailed and thrown from the track. The car was crowded to the guard rails and it was a miracle that many were not seriously injured.

### Hepburn Nominated.

Creston, Ia., June 6.—Congressman Hepburn of Iowa was nominated by acclamation at the Eighth district Republican convention here. Resolutions were adopted endorsing President Roosevelt, Iowa's two members of his cabinet, and the Iowa delegation in congress.

## STORE NEWS

### It's a fact!

In spite of the multiplicity of sales we are showing a marked increase over our sales of last year. It proves conclusively that our dependable merchandise and our reasonable prices are what the ladies' of Brainerd and vicinity want and that dollars spent with us secure the maximum of value. New, tasty and dependable merchandise at what it is worth is much cheaper than the accumulations of years at any price no matter how cheap it is. Those who have made "Michael's" their trading place have found the greatest of satisfaction in every way and in our daily offerings.

## DELEGATES TO DULUTH

Republican County Convention Held this Afternoon was a Harmonious

Affair

The republican county convention was held this afternoon and concluded their work just as we go press which forbids a detailed account of the proceeding.

Judd Wright was elected chairman and George H. Gardner secretary. The following delegates were elected to represent Crow Wing county at the state convention in Duluth next Wednesday, June 13:

Mons Mahlum, A. M. Opsahl, John T. Frater, J. A. Thabes, R. J. Hartley, K. McDonald, John Larson, W. H. Erb, W. H. Andrews, T. G. Butler, John Brandt, K. J. Nesheim.

The delegation is understood to be for Cole for governor.

The following resolution was unanimously adopted:

The republicans of Crow Wing county have followed with pride and satisfaction the brilliant and useful record in the upper house of the national congress of that able and sturdy champion of republican principles, the Hon. Knute Nelson, who has by his eminent ability with which he has served the people of the sovereign state of Minnesota, achieved a more than national reputation and helped to make history.

Therefore, this convention of delegates, representing the various voting precincts of Crow Wing county, desiring to give expression to the general sentiment of the republican voters of the county toward the illustrious senior senator, do hereby

RESOLVE: That we heartily and enthusiastically favor the re-election of Senator Nelson to the United States Senate, in which honorable body he has distinguished himself during his term of office by his great ability and industry, and we would respectfully urge upon the senator and representatives who may be chosen by the electors of the 48th district at the November election, the importance of casting their votes for Hon. Knute Nelson for senator when the legislature assembles next winter.

### Musicals at Elk's Hall

Tickets are on sale at Dunn's drug store for the musical to be given at Elk's hall Friday evening, June 8th, by the pupils of the Benedictine Sisters. Careful preparations are being made, and a most excellent and enjoyable program will be rendered. Tickets are selling rapidly and a large audience is assured.

### MARRIAGE LICENSES

The following are the licenses to wed granted by the clerk of the district court for the week ending June 4, 1906.

James Franklin Henry Bordwell to Mary Elizabeth Beaman.

### Will Cure Consumption

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied. H. P. Dunn & Co. eoddw

### Cheap Rates to Le Sueur, Minn.

The N. P. will have the rate of one fare plus 50 cents for the round trip to Le Sueur, Minn., for the State Firemen's Ass'n. at Le Sueur, Minn., June 12 and 13. Dates of sale June 11 and 12. Return limit June 14, '06. Half fare for children at the half fare age. 116

### ANSWERS EVERY CALL:

Brainerd People Have Found That This Is True.

A cold, a strain, a sudden wrench, A little cause may hurt the kidneys. Spells of backache often follow, Or some irregularity of the urine. A certain remedy for such attacks, A medicine that answers every call, Is Doan's Kidney Pills, a true specific. Many Brainerd people rely on it. Here is Brainerd proof.

Mrs. L. Peterson, wife of L. Peterson, janitor of the Columbian block, Brainerd, Minn., says: "I have given Doan's Kidney Pills a thorough trial and believe that this remedy is the most reliable preparation that exists for kidney trouble. I used to suffer from constant dull aching in the small of my back and loins and other symptoms which plainly indicated a disordered condition of the kidneys. I decided to try Doan's Kidney Pills and got a box at H. P. Dunn & Co.'s drug store. After using a few doses I felt better and in a few days the pain and other symptoms of kidney trouble disappeared. I believe that Doan's Kidney Pills have given me a new lease of life, and am so confident that this remedy will do the same in all cases of kidney trouble that I am advising every sufferer I meet to use it."

For sale by all druggists. Price 50 cents. Foster Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Remember the name—Doan's—and take no other.

### Special Rates to Minneapolis

On account of the grand lodge, grand encampment, Patriarchs Militant and Robekah Assembly (I. O. O. F., of Minnesota, at Minneapolis, June 11 to 16, the Northern Pacific will sell round trip tickets for one and one-third fare. Tickets will be on sale June 10 to 12, inclusive, with a return limit June 16. Half fare rates to children of half fare age. 296t12w2

In beauty town there dwells a lass,  
Her face was fair to see,  
The secret of her beauty lay,  
In Rocky Mountain Tea.

H. P. Dunn & Co.

## BOUNDED OVER TO GRAND JURY

Henry Provost Held to Answer

the Charge of Shooting at

Mrs. Spees.

## TESTIMONY CONTRADICTORY

Judge Evidently Believed Testimony of Mrs. Spees Entitled to Most Weight.

Judge Warner this afternoon bound Henry Provost over to the Grand Jury on the charge of assault in the first degree. This despite the strong swearing done by the entire party. Attorney Larson asked a bench warrant for Mrs. Spees for pulling a gun on the party but Judge Warner refused to grant it.

The stories told by Mrs. Spees and the witnesses for Henry Provost in the preliminary hearing before Judge Warner today did not agree. When the case against him for assault in the first degree came up in the municipal court this forenoon he was represented by Attorney Larson. Mrs. Spees took the stand and told the story substantially as published.

She stated that the parties with him drove onto the Spees property and when told that they could not tear down the fence to get through the man shot at her twice with a revolver, one of the bullets passing through her dress.

She put on the skirt worn at the time and showed where she claimed the bullets passed through the fabric. Attorney Larson on cross examination elicited the fact that they were about a hundred feet apart at the time of the shooting and the ground was level. Mr. Larson moved to dismiss the case which was denied. The defendant was then put on the stand and denied the story almost in toto. He admitted that he entered the Spees premises believing him self on the public road. He looked around to see if there was no way through the fence but was halted by Mrs. Spees with a shot gun. Then he drew his revolver and did not fire a shot.

According to his own story he is a professional horse trader. Three companions who were with him corroborated the testimony of Provost.

## IS DISEASE A CRIME?

Not so very long ago, a popular magazine published an editorial article in which the writer asserted in substance, that all disease should be regarded as criminal. Certain it is that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws, which, if understood and implicitly followed, would result in the prevention of much of the sickness and suffering of humanity. But to say that all sickness should be regarded as criminal, must, on a little sober reflection, appeal to every reasonable and intelligent individual as radically wrong.

Thousands suffer from contagious and infectious diseases most innocently and unconsciously contracted. Other thousands suffer and die of cancerous afflictions, the cause of which no medical man has yet been wise enough to ferret out and determine, and which can not, therefore, be avoided. Then too, many times stress of circumstances compel people to expose themselves to various disease-producing agencies, such as malaria, bad air in overheated factories, coal mines, and many other situations, and surely those who suffer therefrom should not be branded as criminals.

In so far as disease is contracted or brought on one's self from harmful excesses, over-eating, intemperance and other like indulgences and debauchery, such, we might add, as that it should be regarded as little less than criminal. On the other hand, we think it would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens which she is obliged to struggle along under until she succumbs to the strain and over-exertion, and suffers from weaknesses, various displacements of pelvic organs, and other derangements peculiar to her sex.

The too frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weakness, derangements and debility which the mother has to bear and which are aggravated by the many household cares, and the hard, and never-ending work which she is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for women's peculiar ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, overworked housewife can not get needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsum, ante-version and retro-version of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important.

It is Dr. Pierce's observation that many housewives suffer much in a weakened condition of their system from too close confinement in doors. Often the kitchen, where they spend most of their time, is ill-ventilated and the bad air and overheating thereof act most unfavorably upon the woman's strength, until she finds herself suffering from various weaknesses attended by backache, bending-down pains, or dragging-down sensations that are extremely hard to bear. A catarrhal, pelvic strain of most debilitating and disagreeable nature, is a common symptom of the congested or inflamed

condition of the lining membranes of the pelvic organs, attending perhaps with tenderness and pain in these regions.

Now, while the foregoing disagreeable symptoms and sensations will generally yield to the faithful and somewhat persistent use of Dr. Pierce's Favorite Prescription, to realize the very best results from its use, the patient must, as far as possible, abstain from over-work, worry, and too close confinement in doors. To such women as are not seriously out of health, but who have exacting duties to perform, either in the way of household duties or in social duties and functions which seriously tax their strength, as well as to nursing mothers, the "Favorite Prescription" has proved a most valuable supporting tonic and invigorating nervine. By its timely use, much serious sickness and suffering may be avoided. The operating table and the surgeon's knife, would, it is believed, seldom have to be resorted to if this most valuable woman's remedy were resorted to in good time. The "Favorite Prescription" has proven a great boon to expectant mothers by preparing the system for the coming of baby, thereby rendering childbirth safe, easy, and almost painless.

Bear in mind, please, that Dr. Pierce's Favorite Prescription is not a secret or patent medicine, against which the most intelligent people are quite naturally averse, because of the uncertainty as to their harmless character, but is a medicine of known composition, a full list of its ingredients being printed, in plain English, on every bottle wrapper. An examination of this list of ingredients will disclose the fact that it is non-alcoholic in its composition, chemically pure glycerine taking the place of the commonly used alcohol. In its make-up, in this connection it may not be out of place to state that the "Favorite Prescription" of Dr. Pierce is the only medicine put up for the cure of woman's peculiar weaknesses and ailments, and sold through druggists, that does not contain alcohol, and that too in large quantities. Furthermore, it is the only medicine for woman's special diseases, the ingredients of which have the unanimous endorsement of all the leading medical writers and teachers of all the several schools of practice, and that too as remedies for the ailments for which "Favorite Prescription" is recommended.

A little book of these endorsements will be sent to any address, post-paid, and absolutely free, if you request same by postal card, or letter, of Dr. R. V. Pierce, Buffalo, N. Y.

Don't forget that Dr. Pierce's Favorite Prescription, for woman's weaknesses and ailments, is a non-patent medicine, held the "Favorite Prescription" of a regularly educated and graduated physician, engaged in the practice of his chosen specialty—that of diseases of women—that its ingredients are printed in plain English on every bottle-wrapper; that it is the only medicine especially designed for the cure of woman's diseases that contains no alcohol, and the only one that has a professional endorsement worth more than all the so-called "testimonials" ever published for other medicines.

An invitation is extended by Dr. Pierce to every sick and ailing woman to consult him by letter. There is absolutely no charge or fee for this. Every letter is carefully considered, fully answered, and its statements held as strictly private and sacredly confidential. Address as above directed.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good."

Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

## FEARS OF TROUBLE DISPELLED.

Troops Maintain Order in Mining District of Ohio.

Steubenville, O., June 6.—The only approach to trouble was when employees of the United States Coal company removed a wire fence surrounding the property of a foreign miner, Joseph Topesch. The property had been used as a private road by the coal company and when Topesch put up the fence this summary action was taken. A hundred or more strikers appeared on the scene and for a time trouble seemed imminent, but the strike leaders controlled the situation and prevailed upon the men to offer no resistance.

It is persistently reported at Plum Run and Bradley that three guards were killed in the outbreak of Monday morning and that their bodies were thrown into a neighboring reservoir. This reservoir will be dragged to settle the authenticity of the statements.

Color is given to these statements in the facts that ten or more guards have been missing since the riot. The three guards wounded in the riot will recover.

All fears of further trouble have been dispelled by the arrival of the troops.

Dillonvale, O., June 6.—With a total of about 1,150 members of the Ohio National guard, comprising the pick of two regiments of the state militia, on guard, quiet reigns in this and other mining villages of this section. The troops began arriving at an early hour and by night the main body of them were bivouacked on the hills surrounding the Bradley mine, the property of the United States Coal company, one and one-half miles south of Smithfield. The soldiery is under the immediate command of Brigadier General B. C. Speaks, who has established headquarters just outside the mining village of Bradley.

### VESSEL RUNS ON THE ROCKS.

Schooner Volunteer Wrecked and Two Lives Lost.

Santa Rosa, Cal., June 6.—The schooner Volunteer, Captain Bressen, bound from Coos Bay to San Francisco, ran on the rocks two miles off Bodega Head and went to pieces. The ship and cargo will prove total loss.

In an attempt to reach shore a boat was capsized and two of the captain's children were drowned. Captain Bressen, the remainder of his family and several sailors, nine in all, were rescued from the vessel.

### Four Battleships Ineffective.

Berlin, June 6.—Four battleships, the Kaiser, Deutschland, Preussen and Friedrich der Grosse, build immediately after the foundation of the German empire, have been ordered stricken from the list of effective vessels of the German navy.

### AMERICAN GOODS BARRED.

Canned Meats for British Forces Must Be Products of the Empire.

London, June 6.—The Daily Telegraph asserts that all admiralty and war office contracts which have been placed since the disclosures affecting the meat packing industry in the United States stipulate that canned meats must be British or colonial products.

## Health and Beauty

Beauty is the external proof of health; with failing health comes failing beauty. Woman's delicate organism is frequently over-taxed by arduous household duties, and the demands of society. The constant drain upon her vitality weakens her nervous system. The penalty is a tired, worn-out, exhausted condition which destroys her appetite, robs her of rest, and at intervals causes much suffering and distress. When these conditions exist, the weakened nerves must be strengthened. Dr. Miles' Nervine will do this. It stimulates the action of all the organs, brings refreshing sleep, and drives away that look of care.

"I have taken Dr. Miles' Restorative Nervine for years, and did my mother before me. Whenever I feel tired, worn-out, or have headache, I always take the Nervine and it strengthens me. I consider it a great remedy for nervousness and debility."

MRS. C. L. FREDERICK, Canton, Ohio.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

Miles Medical Co., Elkhart, Ind.

## BY CLEVER TACTICS

MR. BONYNGE OF COLORADO GETS

THE NATURALIZATION BILL

PASSED BY HOUSE.

## ASSISTED BY THE SPEAKER

POINT OF ORDER OVERRULED AND

MR. COCKRAN'S FILIBUSTER

IS ALL IN VAIN,

Washington, June 6.—By clever tactics, Mr. Bonyngé (Colo.), in charge of the naturalization bill, and with the assistance of a friendly speaker, had the bill establishing a bureau of immigration and naturalization and providing for a uniform rule for the naturalization of aliens throughout the United States read in the time set apart for the passage of bills under suspension of the rules in the house.

The determination to take up the bill came as a surprise to Mr. Cockran (N. Y.), who began a filibuster against its consideration. He made a point of order against the bill on the ground that it was not a proper bill to be considered under suspension of the rules. The speaker overruled the point of order and on an appeal from the decision of the chair the speaker was sustained, 155 to 27.

When the question was taken on ordering a second reading Mr. Cockran demanded tellers, the vote showing a very large proportion in favor, 126 to 17.

The bill was then debated for forty minutes and after two amendments were unanimously agreed to, the bill was passed.

An amendment was adopted providing that the requirements of Section 9 shall not apply to aliens who shall hereafter declare their intention to become citizens and who shall make homestead entries upon the public lands of the United States and comply in all respects with the laws providing for homestead entries on such lands.

### Provisions of the Measure.

The bill as passed provides for a bureau of naturalization at Washington, which shall furnish all blanks for use and keep a record of all naturalizations. It requires an applicant to file petition for naturalization ninety days before it is acted upon by a court. It prohibits any naturalization thirty days before any general elections. It authorizes the United States district attorney to appear and cross-examine applicants and witnesses. It adds the additional qualifications that applicants must be able to speak English before receiving final papers and they must swear that they intend to reside permanently in the United States.

It also provides a procedure for the cancellation of fraudulent certificates.

In many particulars it was a "red letter day" in the house, not only in the number of bills passed, but in the general character of the legislation enacted.

The house refused to pass a bill leasing to a private firm or corporation the right to mine coal on the Island of Batan, in the Philippine group, although it was stated that such a lease would decrease the amount paid by the government very considerably.

For two hours the house worked under suspension of the rules and then the rest of the day was taken up with the passage of bills by unanimous consent.

### NAVAL APPROPRIATION BILL.

Passed by the Senate After Being Amended.

Washington, June 6.—The senate Tuesday passed the naval appropriation bill and also gave considerable attention to the conference report on the railroad rate bill. The only important amendment made to the naval bill was one requiring the secretary of the navy to submit the plans of the proposed big warship to congress before proceeding with its consideration. The bill carries a total appropriation of \$103,117,670.

There is no doubt that the rate bill will be sent back to conference. Senator Tillman admitted there was some changes in conference which could not be justified under the rules, but said they had been necessary in order to make the bill harmonious.

Senator Foraker criticised the changes in the anti-pass provision, the addition compelling connections with lateral lines and the omission of the proviso regarding "Jim Crow" cars. The discussion of the report will continue in the senate.

### Liquor Dealers Favor Temperance.

Louisville, Ky., June 6.—The National Liquor Dealers' association in annual convention here has issued an address to the people of the United States in which the belief of its members in temperance is expressed, obedience to the law endorsed, the work of the various temperance societies is commended and the statement made that intoxication should be considered a crime.

### Steamer Crescent City Released.

Duluth, June 6.—The monster steel ore carrier Crescent City, which went aground on the North shore of Lake Superior ten miles northeast of Duluth in the gale on Nov. 28 last, has been released.

## FATAL STORM IN SOUTHWEST.

Two Persons Killed and Sixty Farm-houses Destroyed.

Oklahoma City, Okla., June 6.—Two persons were killed and sixty farm-houses were destroyed by the heavy wind and hail storm which swept over the southern portion of Oklahoma and Indian Territory at night. More than sixty families have been rendered destitute and the citizens of Chickasha, the largest nearby town, assembled in mass meeting and appointed committees to solicit funds to tide the unfortunate planters over the present season. The loss is very large.

### KILLS WIFE AND HIMSELF.

Actor Commits Murder and Suicide in an Iowa City.

Eldon, Ia., June 6.—D. E. Grindell and his wife, known as Davis, were found dead in their room in a hotel here in the morning. They were members of a traveling troupe of actors. A bullet had pierced the head of each. From all indications Grindell killed his wife and committed suicide. Grindell was a sufferer from consumption, and despondency over his ill health is supposed to have caused his action.

### How's This?

We offer One Hundred Dollars reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENETY & CO., Toledo, O.
